Jacksonville University

Graduate Courses

MHC 606: CMHC Internship I

Taught Spring, 2022, 2023

This course is designed to continue to guide students through their clinical experiences. Supervision will be provided by a university faculty as well as qualified site supervisors at each clinical site. Supervision will include peer, instructor, and self-reflective strategies. Supervision will include but not be limited to discussion of student conceptualization, diagnosis, treatment plan, interventions, process, and outcome of counseling among actual clients.

MHC 505: Behavioral Research and Evaluation

Taught Spring, 2022, 2023

This course is intended to increase students' knowledge and understanding of the research process; to prepare students to effectively and properly utilize the results of research found in the professional literature; and to provide students with a basic knowledge of the processes involved in the conceptualization, design, implementation, and reporting of research data. In addition, the course is designed to facilitate the development of scholarly writing skills and the application of those skills in research and practice.

MHC 601: Community Based Counseling

Taught Fall, 2021, 2022, 2023

This course provides an overview of counseling within various community settings and addresses the importance of the roles of advocacy, prevention, outreach, and multicultural competency for counselors in community agencies. In addition, the course will address counselor professional identity development, multi-agency consultation and collaboration, and various mental health service delivery programs.

MHC 603: CMHC Practicum

Taught Fall, 2021, 2022, 2023; Winter Term, 2021 (online), 2022 (online), 2023 (online)

This course provides supervised counseling experience in a college or community agency under a regularly employed staff member professionally trained in counseling. Observation of and active participation in direct service work to clients, monitoring of audio or videotaped interview, and case reviews are all covered within the course.

MHC 609: CMHC Internship II

Taught Summer, 2021, 2022, 2023; Spring, 2023

This course is the culminating clinical experience. Supervision will be provided by a university faculty as well as qualified site supervisors at each clinical site. Supervision will include peer, instructor, and self-

reflective strategies. Supervision will include but not be limited to discussion of student conceptualization, diagnosis, treatment plan, interventions, process, and outcome of counseling among actual clients.

Wake Forest University

Graduate Courses

CNS 744b: *Counseling Internship I: Clinical Mental Health* (online course)

Taught Summer, 2020

This course provides supervised counseling experience in a school, college, or community agency under a regularly employed staff member professionally trained in counseling. Observation of and active participation in direct service work to clients, monitoring of audio or videotaped interview, and case reviews are all covered within the course.

CNS 747: *Cultures and Counseling* (online course)

Taught Spring, 2020; Fall 2020

This course examines the influence of culture in human development and in counseling relationships. The areas of awareness, knowledge, and skills in the context of racial, ethnic, and cultural diversity will be explored in-depth.

CNS 745: *Counseling Internship II: Clinical Mental Health*

Taught Spring, 2020

This course provides supervised counseling experience in a school, college, or community agency under a regularly employed staff member professionally trained in counseling.
