

# Pathways

## to Speech Language Pathology

Prerequisite Program for Application to SLP Master of Science Online Course Work with Field Experience in Sorrento, Italy

Jacksonville University's award winning Brooks Rehabilitation College of Healthcare Sciences is proud to offer Pathways to Speech Language Pathology; a prerequisite program required for application and admission into a SLP Master's degree.

Partnering with the Sant'Anna Institute, on the majestic cliffs of Sorrento, Italy, this program is offered exclusively during the Summer semester. The semester long program includes coursework delivered online, with a culminating field and study experience in person, on location in Sorrento, Italy.

This program is specifically designed for students who have completed a baccalaureate degree in a field other than Communication Sciences and Disorders and need to complete specific required coursework before applying to a Master's program in SLP. The coursework can be completed in one semester.

These courses meet the pre-admission requirements necessary for consideration and potential admission into a SLP at any accredited university in the United States.
